Mitsubishi FUSO New Zealand

# ***FIGHTER***

## BUILDING COMMERCIAL VEHICLES THAT GET THE JOB DONE

When it comes to versatile, medium-duty trucks, Mitsubishi FUSO certainly knows how to make them. That's why we've been one of New Zealand's most popular choices for over 30 years.

## YOU AND YOUR MITSUBISHI FUSO – A WINNING TEAM

Building on proven performance and our product philosophy of putting customers first, we have launched a new quality and smart-design initiative. Some of the enhancements, such as the revamped exterior design, you will notice at first glance. Some, like improved manoeuvrability, utility and economy, you will only appreciate further down the road. And others - such as the comprehensive safety concept - you might not see at all. But the bottom line is, they make for a totally new Mitsubishi Fuso driving experience.

## GOING THE EXTRA MILE

To guarantee maximum satisfaction over a long useful life, the new Mitsubishi Fuso excellence initiative fully complies with the international standards of Daimler, the world's biggest truck manufacturer. The new system uses clearly defined quality gates to ensure that even the minutest detail undergoes a stringent process of evaluation and re-evaluation. The result: A design that's as smart as it is practical.

## BUILT FOR YOU

Attractive new design, greater drivability and economy, reliable customer service: It's little wonder Mitsubishi Fuso is making rapid inroads into commercial vehicle markets the world over.

Discover why the new FIGHTER series is both working capital and a pleasure to drive.

## **THE NEW FACE OF UTILITY**

Mitsubishi Fuso's new FIGHTER series strikes a rare balance between driving pleasure and the bottom line, providing an environment drivers will enjoy and operational efficiency fleet managers will love. A concept that pays in a variety of ways when it comes to work motivation. These facts speak for themselves:

## EFFICIENCY

Meet the FIGHTER with the best fuel economy, payload capacity, aerodynamics, versatility and durability ever. Based on a stringent new development and design process compliant with the international standards of Daimler, the world's No. 1 truck manufacturer, Mitsubishi Fuso engineers have defined solid quality and design benchmarks.

- ▶ Superior fuel economy
- ▶ Higher payload capacity
- ▶ Ultimate quality and service life

## PERFORMANCE

The new FIGHTER series boasts a powerful inline 6-cylinder engine with the raw power, torque and endurance to really put your business in the fast lane: Higher payloads, less gear shifting, superior fuel economy, ultimate dependability, extended engine life and compliance with EPA04 emission standards.

- ▶ New 6-cylinder powerplants (184kW and 207kW)
- ▶ High torque for reduced gear shifting and great pulling power
- ▶ Intercooler turbo technology for extra thrust
- ▶ Common rail fuel injection for better fuel efficiency
- ▶ Compliance with EPA04 emission standards thanks to cooled EGR and Oxidation catalyst
- ▶ Cruise control

## WARRANTY

The new FIGHTER comes with an extended warranty.

- ▶ Warranty: 36 months/200,000km\*

## DESIGN AND COMFORT

Inside and out, the new FIGHTER reflects the fresh 21st century Mitsubishi Fuso design spirit. Based on the real-life requirements of our customers, we have given this mid-duty truck a unique, self-assured styling with fuel-saving aerodynamics. In the quality and feel of the finish, the interior shows our developers' meticulous attention to detail, giving you a superior level of comfort.

- ▶ Stunning exterior design
- ▶ Ergonomic and comfortable
- ▶ Quiet and roomy passenger-car like interior
- ▶ Use of environment-friendly materials
- ▶ Keyless entry system

## SAFETY

The new FIGHTER gives you the assurance of being in perfect control of the road. Superior design features such as a panoramic wind-shield and low side windows help drivers keep their eyes safely on the road while an improved suspension and a new four-spoke steering wheel ensure maximum control. Add to this a highly rigid cab design and comprehensive safety features for maximum peace of mind.

- ▶ Improved visibility
- ▶ Taper roller full air brakes on most models
- ▶ Anti-lock brake system (ABS)
- ▶ Rigid cab structure with door side beam
- ▶ Impact-absorbing safety steering wheel
- ▶ Heated side mirrors

*\*Which ever comes first subject to the terms and conditions detailed in the warranty book.*

# FIGHTER

## EXTERIOR

Beauty may lie in the eye of the beholder, but the look of the FIGHTER series is clearly an expression of its inner values. With its unique 21st century styling, it takes its cue from real-life requirements for hands-on practicality, manoeuvrability, aerodynamics, ruggedness and safety. Functionality has never been so attractive.

- ▶ Attractive, self-assured styling
- ▶ Superior aerodynamics enhance handling and fuel economy
- ▶ Enhanced safety for maximum peace of mind

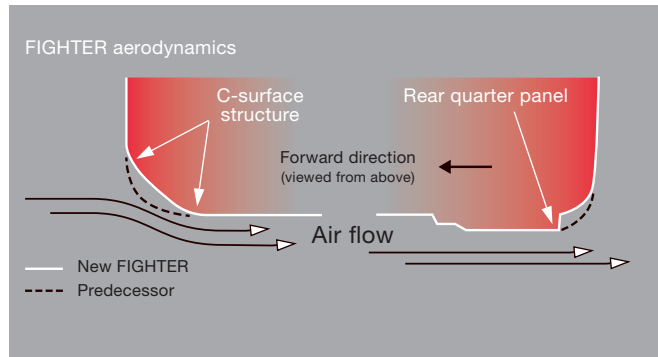

### NEW LOOK

The new styling says it all: Sleek and aggressive with a low-profile fascia and flush side panel surfaces, the FIGHTER series conveys a sense of power and direction. Matching fender and body colours coupled with a bold new front grille design featuring the three-diamond emblem give it a fresh, self-assured on-road presence.

## BUILT-IN PEACE OF MIND

Safety starts with avoiding accidents. That's why the new cab comes with a panoramic windshield, low side windows for improved visibility, and offers maximum control thanks to a very ergonomic driving environment, easy handling and enhanced suspension. Passive safety features include structural reinforcements for a highly rigid cab with door side beams, impact-absorbing steering wheel to give owner-operators unprecedented peace of mind.

## REDUCED DRAG

A number of aerodynamic innovations such as the wind-friendly curvature of the front and rear quarter panels, air dam skirt and single-piece bumper pay off in terms of fuel economy - a particular bonus in times of soaring energy prices - while also improving handling and stability.

## INTERIOR

### DRIVE IN COMFORT AND STYLE

The new FIGHTER series will be your mobile home away from home, pampering you with more room to move, in-car comfort as well as convenience and style to match.

A comfortable driver's environment with all the trappings is so much more than just plain luxury. It's essential for driving safely because it reduces fatigue and improves concentration. That's why our design engineers have devoted a great deal of attention to this aspect – and equipped the FIGHTER series with ample room, a fully trimmed interior, a keyless entry system, adjustable seating, instrumentation that's easy to read and control, safety steering, generous personal storage options, powerful air conditioning and a quiet, wrap-around cockpit.

- Spacious, well-appointed interior for greater comfort
- Impact-absorbing steering wheel
- Wrap-around cockpit for perfect control
- Comfortable, fully adjustable seating with air suspension
- Increased legroom
- Environment-friendly materials for better indoor climate
- Generous personal storage where you need it
- Radio + CD player
- Keyless entry system
- Third seat, standard on all models (image not shown)

Some parts of interior differ in appearance.

The enlarged grab handle **1** and lower step **2** make for easier cab entry. Plus, there's more head-room **3**, and increased air conditioning performance **4** so you always keep your cool. And with its reduced noise and vibration levels, you can look forward to a smooth, relaxed and safe ride normally only found in passenger cars.

### STEERING YOUR WAY TO SUCCESS

The new, improved four-spoke steering wheel doesn't just look great, it's been designed to give you maximum steering comfort and safety. With its extended tilt and telescopic adjustment, you can adopt it to suit your preferred seating position for a clear view of all dashboard instruments.

### THE PANEL OF EXPERTS

With its streamlined instrument panel, the FIGHTER series offers direct, hands-on access to controls **1**. Improved driver visibility coupled with easy-to-read instrumentation **2** puts the road at your fingertips, and takes a load off your mind.

# FIGHTER

## INTERIOR

### MATERIAL BENEFITS

We take your health and well-being very much to heart. Which is why, in the FIGHTER series, we've opted for an improved, eco-friendly interior environment. That spells fewer synthetics (vinyl) in the instrument panel, lower formaldehyde emissions from seatback/side trim materials, enhanced use of easy-to-recycle resins and natural-fiber materials. And one happier driver.

### ARE YOU SITTING COMFORTABLY ... ?

Introducing the seat that's a feat of engineering: The FIGHTER features a driver's seat with air suspension and maximum adjustability giving you more legroom. Making sure of that perfect driving posture for maximum comfort and minimum fatigue.

## MORE IN STORE

Keys, cups, documents, maps, cloths, change of shoes – you name it, it all has to come along for the ride. But where to put it all? Wide dashboard tray, large capacity overhead console, retractable cup holder and integrated dashboard storage space – there are storage options galore in the FIGHTER. Leaving you free to enjoy the generous, uncluttered space all around you.

Some parts of interior differ in appearance.

## ENGINE AND CHASSIS

### DRIVING PROFITS

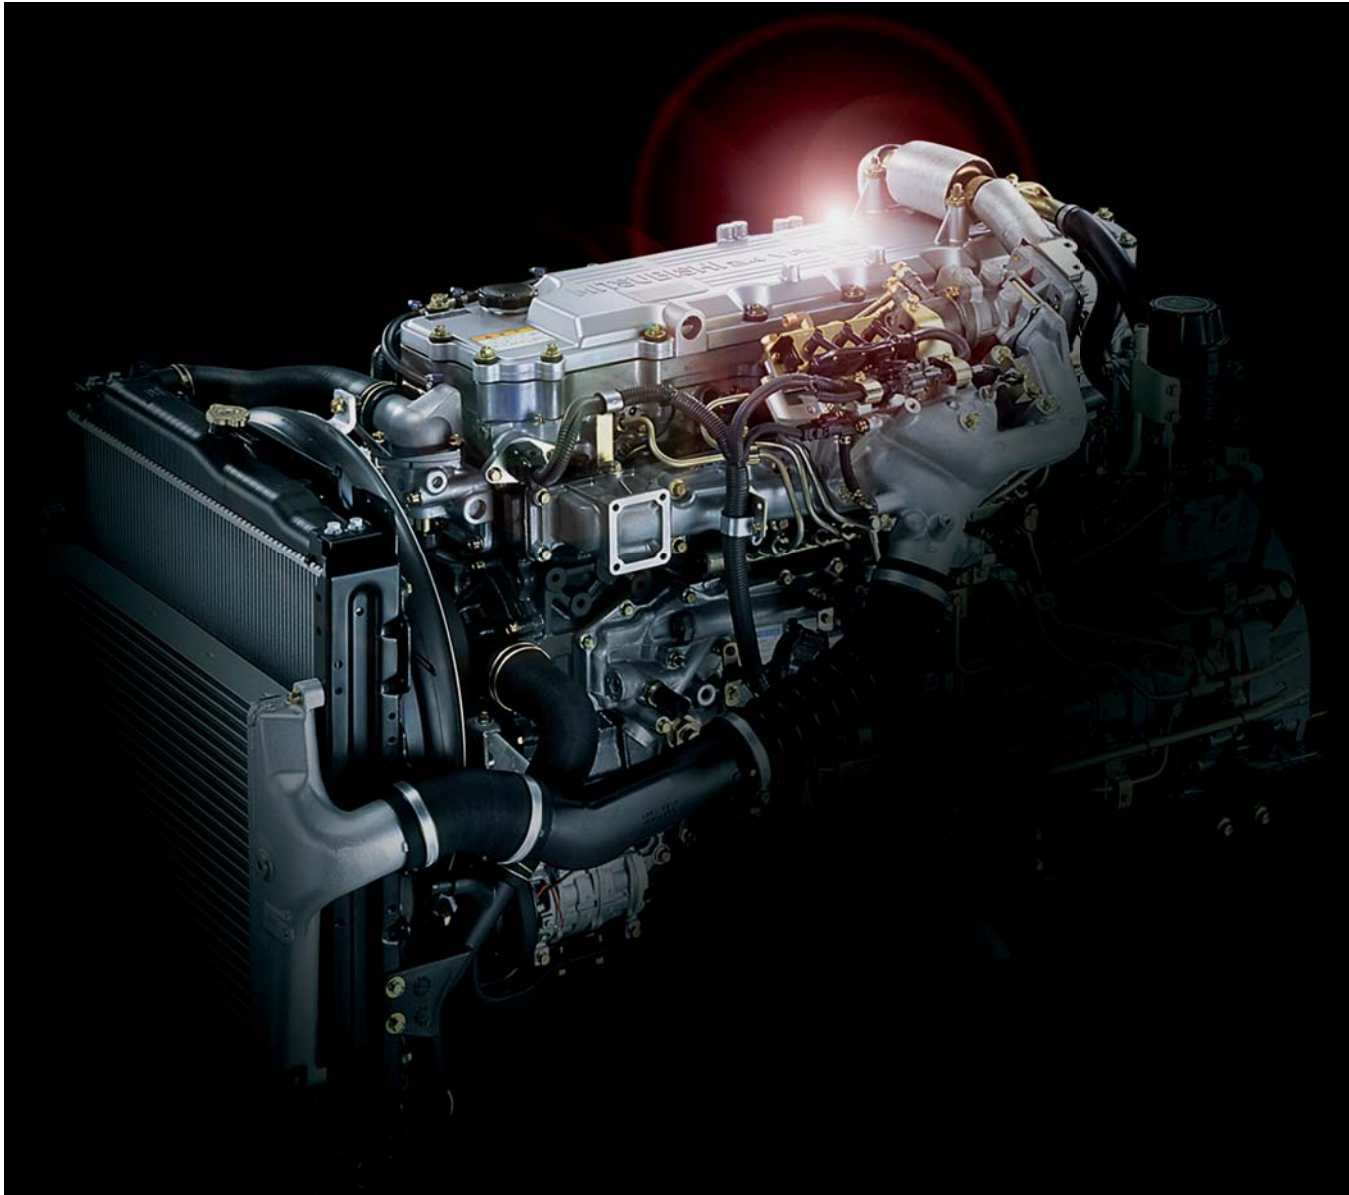

At the heart of the FIGHTER series, our powerful new inline 6-cylinder engines boast intercooler turbo technology and common rail fuel injection. Coupled with both manual 6-speed and 9-speed transmission, it delivers the kind of unique performance, reliability, longevity and value operators are looking for. Various improvements help cut weight, vibration and maintenance costs while increasing fuel economy, driveability, and keeping payloads high. Tried-and-true chassis and suspension as well as good weight distribution make for an easy ride and maximum safety on the road.

- ▶ Powerful inline 6-cylinder diesel engines
- ▶ EPA04 conformity thanks to cooled EGR and oxidation catalyst
- ▶ Super frame optimized for easier body mounting and reliability with rivetless top
- ▶ Manual 6 & 9-speed transmissions
- ▶ Full air brake system for superior control on most models
- ▶ Rear air suspension available on some models
- ▶ Anti-lock brake system (ABS)
- ▶ Cruise control

## 6M60-3AT1/T2 ENGINE

You want maximum torque at low revs for top acceleration and reduced gear shifting? Look forward to our impressive inline 6-cylinder diesel engines: The 6M60-3AT1 and the 6M60-3AT2. Featuring intercooler turbo, common rail fuel injection, cooled EGR and oxidation catalyst and our powerplants boast superior fuel economy, enhanced torque, reduced engine noise, ultimate dependability and exceeds EPA04 emission standards.

### 6M60-3AT1/T2 engine

Bore x stroke:	<b>118 x 115mm</b>	Regulation:	<b>EPA04</b>
Piston displacement:	<b>7.545 l</b>	Intake system:	<b>Turbo intercooled</b>
Max. output:	<b>184(T1)/207(T2) kW @ 2,600 rpm</b>	Injection pump:	<b>Common rail</b>
Max. torque:	<b>701(T1)/802(T2) Nm @1,400 rpm</b>	After treatment device:	<b>cooled EGR</b>
Max speed:	<b>2,900</b>		<b>Oxidation catalyst</b>

## DRIVETRAIN AND CHASSIS

### HOW SMALL THINGS CAN MAKE A BIG DIFFERENCE

You may not see it at first glance, but your bottom line will reflect it: Drawing on real-life feedback from drivers and cutting-edge computing, our engineers have given the FIGHTER a sturdy, easy-to-use super frame design including a new rear air suspension. The result: Outstanding torsional rigidity, stability and durability.

What's more, the top of the frame is rivetless and clean, making for simplified rear body installation and thus saving you valuable time and money. It goes without saying that the FIGHTER supports a comprehensive range of bodies and equipment, whatever your requirements.

### SMOOTH OPERATOR

Our manual 6-speed direct-drive transmission with an alloy transmission case helps increase payload capacity. It distributes power very efficiently, delivering better performance while realising fuel savings. Various innovations and improvements result in lower vibration and noise as well as effectively enhancing reliability and working life of the drivetrain.

### BRAKING POWER

To give you total assurance in brake performance and brake feeling, most of the new FIGHTER series comes equipped with full air brakes. Anti-lock brakes (ABS) is standard on all models. FIGHTER drivers can also rely on an exhaust brake that reduces the load on the service brakes, extending the overall life of the brake system and adding to driver convenience.

## PRODUCT SPECIFICATIONS

When we engineer a truck, we are only driven by one thing: Our customers. Which is why your Mitsubishi Fuso FIGHTER truck can be just as individual as you and your transport requirements are. Just choose from a range of wheelbases and other options to create a configuration that fits your operation like a glove.
